

Black and White crossed scale type

Accurately measure white and black workpieces with consistently high visibility.

NEW LINEUP

Introducing the new "white scale lines"!

Developed a new scale that combines black and white scale lines!

The newly equipped white scale line makes it easier to see even dark-colored workpieces, which were difficult to view with the black lines—without needing to switch the scale plate.

LED light
Bright and visibly

USB rechargeable
No replace batteries

Cross scale line
White and black compatible (NLSL-10-CBW)

90° rotation
Easy switchable (NLSL-10-CBW)

Scale plate
No need change (NLSL-10-CBW)

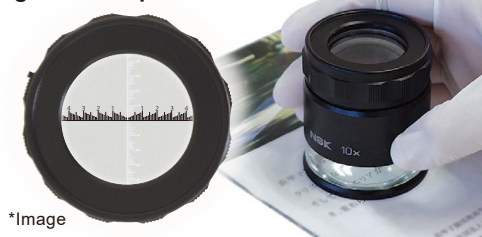

Improving accuracy
High work efficiency

Storage case
Easy to carry

Viewing a bright workpiece (using black lines)

Align the workpiece with the black scale line.

Rotated 90°!

Just rotate the body.

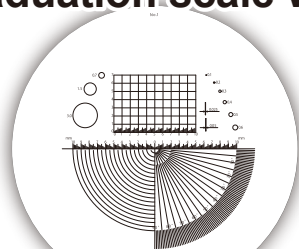

Viewing a dark workpiece (using white lines)

Align the workpiece with the white scale line.

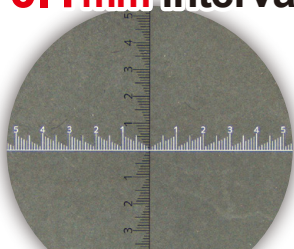

SCALE LOUPE WITH LED LIGHT NLSL-10-1/NLSL-15-1/NLSL-10-CBW

Graduation scale with 0.1 mm intervals

Effective Dia

1.4 times* larger

Its effective diameter is 28mm, 1.4 times larger than the previous model (LSL-35). A larger lens for easier visibility.

4 times* brighter

In addition to the brightness, attenuation over time has been improved, making it brighter and easier to see.

*1: Compared to our previous model

SOLD SEPARATELY: SCALE PLATE (SINGLE ITEM) BLACK AND WHITE CROSS TYPE

Order No.	NEW! 011304
Model No.	NS-3510-CBW
Lens Material	Glass
Scale Line Type	10-0-10 mm Black and white cross
Reticle Diameter	φ 35×D1.3 mm
Weight	Approx. 39
JAN Code	4975846 822597
Accessories	Storage case
